We may disclose all or any portion of your health information to your attending physician, consulting physician(s), nurses, technicians, health profession students, or other facility or health care personnel who have a legitimate need for such information in order to take care of you. Different departments of the facility will share your health information in order to coordinate the health care services you need, such as prescriptions, lab work and X-rays. We may disclose your health information to family members or friends, guardians or personal representatives who are involved with your health care. We may also use and disclose your health information to contact you for appointment reminders and to provide you with information about possible treatment options or alternatives, and other health-related benefits and services. We also may disclose your health information to people outside the facility who may be involved in your health care after you leave the facility, such as other physicians involved in your care, specialty hospitals, skilled nursing care facilities, and other health care-related services. We may use and disclose your health information to prescription networks to obtain your prescription benefits from payers, to obtain your medication history from different health care providers in the community such as pharmacies, and to send your prescriptions electronically to your pharmacy.

For Payment. We will use and disclose your health information for activities that are necessary to receive payment for our services, such as determining insurance coverage, billing, payment and collection, claims management, and medical data processing. For example, we may tell your health plan about a treatment you are planning in order to receive approval or to determine whether your plan will pay for the proposed treatment. We may disclose your health information to other health care providers so they can receive payment for health care services that they provided to you, such as ambulance services, your personal physician, as well as other physicians involved in your health care, such as an anesthesiologist, pathologist, radiologist or emergency physician.

We may also give information to other third parties or individuals who are responsible for payment for your health care, such as the named insured under the health policy who will receive an explanation of benefits (EOB) for all beneficiaries who are covered under the insured's plan.

For Health Care Operations. We may use and disclose your health information for routine facility operations, such as business planning and development, quality review of services provided, internal auditing, accreditation, certification, licensing or credentialing activities (including the licensing or credentialing activities of health care professionals), medical research and education for staff and students, assessing your satisfaction with our services, and to other health care entities that have a relationship with you and need the information for operational purposes. We may use and disclose your health information to the external agencies responsible for oversight of health care activities, such as The Joint Commission, external quality assurance and peer review organizations, and credentialing organizations. We may also disclose health information to business associates we have contracted with to perform services for or on our behalf, such as patient satisfaction survey organizations.
